A ground floor unit in a building with a great location just across from the swimming pool. Pretty good start! Add to that its completely remodeled with new kitchen cabinets, both bathrooms upgraded and a professionally finished sun room that is perfect for an office or sitting area and you've got the best unit in River Mill. This unit is the roommate floor plan with two large bedrooms, each with its own full bathroom and very large walk-in closet. The remodeled kitchen features stained cabinets and a large laundry closet that doubles as a pantry and storage area. The oversized living room has a wood burning fireplace that is bracketed by multi-shelved bookcases with cabinet space on the lower levels. The River Mill complex is a very popular community situated in a great location just south of old Roswell Square. The community features a large swimming pool, tennis courts and numerous social activities. Bottom line, a fabulous unit in a great complex in a location convenient to Roswell and all points north, south, east and west. Look here first and it will be the last place you look.
